The three systems below have been configured to give you cost effective performance, reliability and as the need arises, upgradeability.

From the base 2.4GHz model and beyond the **PC Fever FREEDOM PRO** Series will give you performance comparable to a Desktop PC of the same CPU speed with the advantage of mobility and a 15" ultra bright LCD screen with superior resolution.

Add MS Office 2003 SBE and you have a truly mobile office with Word for all your document needs, Excel for your spreadsheets, Powerpoint for those all important presentations, Outlook for professional email with a calendar, task lists and reminders and Publisher for brochures, handouts, newsletters and more.

Add Norton Anti Virus + a Cable Lock and you are secure from viruses and the threat of someone walking off with your new mobile office.

PC Fever Freedom Pro 2.4GHz \$2,590.00
